## **ANNUAL ECONOMIC FORECAST LUNCHEON**

BMO's Chief Investment Strategist will share his insights on the economic future of Canada and the U.S. in 2016. Come to see what the future holds as you plan your 2016 business direction.

Bring your colleagues and clients for this important event. For extra visibility, buy a table.

Brian G. Belski is Chief Investment Strategist and leader of the Investment Strategy Group for BMO Capital Markets. He provides strategic investment and portfolio management advice to both institutional and private clients. Brian's group produces several investment strategy publications on a regular basis, with particular focus on both the US and Canadian equity markets. In his more than 24 years in the investment industry, he has held various strategy and

research positions, most recently as the Chief Investment Strategist at Oppenheimer & Company. Brian is frequently quoted in the financial press, including weekly appearances on CNBC, as well as other media outlets including Bloomberg, Fox Business News, and BNN. His forecast for the US stock market in 2012 was within one point. He holds a B.Sc. degree from St. Cloud State University and is located in both New York and Toronto.
