Venture into the forest and discover secrets of turning tree sap into sticky-sweet maple syrup!

Enjoy the first whiff of spring, with a kid-friendly excursion to DuPage County's Fullersburg Woods. The program will include a guided tour of the grounds, a presentation on how to make maple syrup, an explanation of the history of the practice, as well as tastings of maple water and maple syrup.

Canadians can experience a taste of home, a recollection of well-loved traditions: sugar shacks, or *cabanes à sucre*. It will also be a great introduction to anyone else (including the little ones)!

All ages welcome / \$10 per person.

Please register through the CUSBC site so that all the Canadians can be together for the tour.
